**Curtain Time:** 8:30 p.m.  
**Contact:** Art & Joyce Roerink (410) 923-7400  
**Price:** \$18  
**Where:**

***Buddy:***  
**The Buddy Holly Story**

He changed the face of popular music. He launched dozens of super hits. He paved the way for Bob Dylan, the Beatles, Elton John, Bruce Springsteen and the “Stones,” all of whom pledge allegiance to him.

And, tragically, he inspired the magnificent anthem, The Day the Music Died.

In a performance that will not allow you to sit still, Buddy portrays the incredible three year music career of one of rock ‘n roll’s most important pioneers – Buddy Holly. Killed in a plane crash on February 3, 1959 at age 22 -- along with Ritchie Valens and “Big Bopper” J.P. Richardson -- Buddy Holly was just beginning the second “post-Crickets” phase of his incredible career.
