President message: February

I'm glad to see everyone has survived the apocalypse to see the new year. Ski season has arrived and the excitement is building as we prepare for this year's ski adventures.

Although the weather around here has been mild so far, I know some of you have gotten out to our local ski areas and enjoyed a day or two in (oops! I meant to say on) the snow. Temperatures have been dropping which means even better conditions for our local ski resorts.

I've been checking the ski conditions at all of the resorts that the BSC has in the line-up this year and they all look good. I can't wait to slap on the boards and go!

Don't forget there are benefits to being a Baltimore Ski Club member! Ask your trip leader about the NASTAR, lessons and helmet benefits. We promote safer, more enjoyable skiing and encourage everyone to take advantage of these benefits.

This year the club is participating in the 9th Annual 'Ski4Life Ski & Snowboard Event' held at Roundtop Mountain Resort on Saturday, February 9, 2013 sponsor by the [Leukemia and Lymphoma Society](#). Please see page 3 for additional information about this event. I want to thank everyone for their help in attaining our goal.

I will be at our next meeting in February opening up the doors for Movie Night. I hope to see you there unless you are out skiing. Mike

Non-ski Activities

As you may know, the Baltimore Ski Club does more than just ski trips. We offer monthly meetings with informative speakers. During the summer season, we offer activities such as the annual picnic, pool party, fireworks at the BSO, and the outdoor theater in Annapolis. There is also a volleyball league and a semi-regular bowling nights. And for the past several years, the BSC has sponsored a non-ski trip to a foreign destination. The BSC has travelled to Italy, England, France, the Greek Isles, and Turkey.

All of these activities are led by volunteer ski club members and overseen by the non-ski activities committee led by chairperson, Mary Rose Cook. Other members of the committee include the Special Interest Director, BSC Treasurer, the Trips Director, the President, and at large members. The purpose of this committee is to provide members and non-members with non-ski activities and events and to encourage year-round participation in the club.

The success of these activities is due to the volunteers who organize and run them. If you would like to organize an event, including a non-ski trip, contact Mary Rose at (410) 243-8090. The event should be pre-planned with all details included in your proposal so that the committee can evaluate it. With the non-ski trips, three bids from different vendors (with a comparative analysis of the bids) are required before the committee can consider the proposal. If proposing a non-ski trip, provide a resume with your experience detailing your qualifications to lead such trip.

Constant Contact®, Inc. wrote the book on Engagement Marketing™ — the new marketing success formula that helps small organizations create and grow customer relationships in today's socially connected world. Constant Contact helps associations connect and engage with their members. The Baltimore Ski Club has been using Constant Contact for several years as a way to reach its members between newsletter issues. Constant contact has been used to inform members about: Pick-up ski trips, last minute ski trip openings, Ski swaps, ski sales, special opportunities, and even sad news of member illnesses or death.

If you would like to be included in the BSC Constant Contact Email List please email Mike Jones at skido-beedo@aol.com and ask to be added to the email list.

Man Walks All Day to Create Spectacular Snow Patterns'

Artist Simon Beck must really love the cold weather! Along the frozen lakes of Savoie , France , he spends days plodding through the snow in raquettes (snowshoes), creating these sensational patterns of snow art. Working for 5-9 hours a day, each final piece is typically the size of three soccer fields! The geometric forms range in mathematical patterns and shapes that create stunning, sometimes 3D, designs when viewed from higher levels.

How long these magnificent geometric forms survive is completely dependent on the weather. Beck designs and redesigns the patterns as new snow falls, sometimes unable to finish a piece due to significant overnight accumulations. Interestingly enough, he said, 'The main reason for making them was because I can no longer run properly due to problems with my feet, so plodding about on level snow is the least painful way of getting exercise. Gradually, the reason has become photographing them, and I am considering buying a better camera.' Spectacular art for the sake of exercise!

Welcome To The World's First Online Only Premium Sunglass Company

HaberVision offers high end polarized sunglasses and polarized goggles comparable to our top competitors at half the price. You won't find a better value anywhere the in sport optics community. At Haber, our internet **direct to consumer** model saves you money on dealer and distributor markup.

HaberVision was started by Steve Haber. As a life long athlete and businessman. Steve developed the Bolle brand of sunglasses and goggles starting the early eighties. After taking his company public in 1995, he later sold his interests to pursue his lifelong passions: fishing, skiing and golf. In early 2005 Steve saw the need for an eyewear company devoted to the polarized segment, and decided it was time to get back into the business.

I have been skiing for 35 years and tried all kinds of goggles and can say that the Haber Riva goggle with the fog eliminating Eliminator fan are the best I have ever owned, that is why I became a Haber Affinity Representative.

Baltimore Ski Club Members can get an additional 8-10% discount on Haber sunglasses and goggles by navigating to www.habervision.com and entering the Affinity Code: STERLING in the box in the upper right of the webpage. In addition for a limited time receive free shipping on orders of \$100 or more by entering the Promotional Code: USPS100 during Checkout Step 2 Payment/Shipping.
