"SKI with BSC in 2014"

Wine Tasting 101

General Meeting - September 4, 2013

September's arrival is a reminder that another ski season is just around the corner. It's also time for our monthly membership meetings to resume, and to reunite with your BSC friends. Our doors open at 6:30 pm for socializing and wine tasting; our business meeting will begin at 7:30 pm.

Trip leaders & assistants will speak about the highlights of their trip and will also be available to answer questions. If you have not already signed up for a trip to one or more of our great 2014 ski trip destinations, don't miss this opportunity!

Alberto Panella from **Grappoli Imports, Ltd** will be our guest speaker to help you understand the various grapes & wines! We will have *FREE* wine tasting samples plus cheese and fruit. If you like what you taste, wine will be available for sale by the glass. Please bring your own wine glass for sampling. Cups will be available as well.

NOTE: Wells Discount Liquor will offer BSC members 20% discount for any purchase up to one week from the meeting date.

Bring a friend or two to introduce them to our **Club** and join in the fun! We look forward to seeing you there!

PRESIDENT'S MESSAGE

By Mike Jones

Greetings fellow BSC members!

Have you heard what the *Farmers' Almanac* is predicting for winter 2014? The *Almanac* is predicting a cold, frosty, wet winter for most of the United States. The annual publication says the Super Bowl may take place during a particularly bad February week. To that end, *NOW IS THE TIME* for you to sign up for your ski trip to one or more of our great destinations.

Our trips to popular locations are filling fast. Your best opportunity to sign up for our trips will be at our first membership meeting of the year on Wednesday, September 4. Our trip leaders and assistants will talk about the highlights of their trips; and they will be available before and after the meeting program. Remember, the more trips you sign up for, the more chances you will have to WIN one of two GoPro Hero 3 Silver Edition Cameras!

Local ski swaps will be coming up soon, so be sure to check out them out. Several of the shops have offered us table space to help promote our Club and we will need volunteers. Please let me know if you can help. It is a lot of fun to meet new people and encourage them to join BSC.

I am looking for a volunteer for the position of Public Relations Director to sit on the board. If you would like to know more about what is involved, please let me know. I look forward to meeting many of our new members and to see many of the long-time members at the September meeting.

Our guest speaker will talk about the various wines and we will have wine tastings and cheese. Doors will open at 6:30 instead of 7:00 pm. So come to our meeting to "wine" a bit and find out which trips your BSC friends have signed up for. Don't delay to sign up for a trip[s] or you will have something to "wine" about! Oh and don't forget to bring your wine glass for tastings. . .

Mike

COMING UP AT OUR OCTOBER 2nd MEETING....

Effie Rubinstein of SPORTOURS is planning to attend our meeting. She will speak for a few minutes on the Blue Ridge Ski Council Winter Carnival trip to Vail.

One lucky member will win a Vail hat.. Everyone who has signed up for the trip by the end of the October meeting will be included in the drawing.

September 19 is...

...International Talk Like A Pirate Day.

Arghhhh!

What Is the Blue Ridge Ski Council (a.k.a. BRSC)? Why Should I Care?

The Baltimore Ski Club is a member of the Blue Ridge Ski Council. The Blue Ridge Ski Council (BRSC) is an organization of member Ski Clubs throughout the Mid-Atlantic States, serving as a forum on all matters related to skiing, and as a conduit for its member clubs' activities. The council (representatives from each of its member clubs) meets twice a year to discuss topics of concern to ski clubs and their members, and to plan multi-club ski trips to popular and exotic locations.

The Blue Ridge Ski Council is also a member of the ***National Ski Council Federation***, and as the BRSC continues to grow the magnitude of its skier population will be used to enhance and enrich the sport of skiing.

Each year, the BRSC organizes two, multi-club ski trips—the Western Carnival and Eurofest. This coming ski season the Baltimore Ski Club has chosen to participate in the Western Carnival being held at Vail.

Eurofest 2014 is being held in Cortina, Italy. Although the Baltimore Ski Club has chosen not to participate in Eurofest this year, Baltimore Ski Club members are welcome to attend with any other club in the BRSC that has chosen to go to Cortina. Participating member clubs have their respective trips automatically sanctioned.

What Is A Sanctioned Trip? The Blue Ridge Ski Council sanctions, upon request, certain ski trips (and some non-ski trips) which member clubs have opened to participants from all other member clubs. This helps clubs fill up a trip with members from other clubs. The other clubs benefit because their members may enjoy a trip that may not be on their schedule that season.

If you are interested in Eurofest 2014 or would like to see a list of sanctioned ski trips that may better fit your schedule please check out the Blue Ridge Ski Council website at www.skicouncil.com.

September is Suicide Prevention Month, National Suicide Prevention Week is September 8-14, 2013; and, World Suicide Prevention Day is September 10th. Suicide is an international problem and a major public health concern. Suicide claims approximately 1 million lives worldwide each year, resulting in one suicide every 40 seconds. There is an estimated 10 to 20 suicide attempts per each completed suicide, resulting in several million suicide attempts each year. Suicide and suicidal behavior affects individuals of all ages, genders, races and religions across the planet. Suicide affects more men than women in all countries but China. Risk factors remain essentially the same from country to

country. Mental illness, substance abuse, previous suicide attempts, hopelessness, access to lethal means, recent loss of loved ones, unemployment and vulnerability to self-harm are just few examples of risk factors. World Suicide Prevention week represents a call for action and involvement by all governments and organizations worldwide to contribute to the cause of suicide awareness and prevention through activities, events, conferences and campaigns in their country. By collaborating together in this endeavor, we can indeed save lives. [Wwww.suicidology.org](http://www.suicidology.org)

What Else is Happening In North America's Ski Industry?

By Bob Wilbanks, *NSCN*
SKI INDUSTRY NEWS

The NATIONAL SKI CLUB NEWSLETTER, May-June 2013

Mt. Bachelor received approval from the Forest Service for a 10-year improvement project that includes three new lifts, a lodge expansion, new hiking trails, a lift-served downhill bike park, and a zipline course and rock climbing structure.

ESPN has announced that it's entertaining **new venues for the X Games** with a final announcement due in April 2013. The 2014 X Games will be held in Aspen, Colo., where they have been held since 2002.

ESPN has announced a list of eligible winter destinations for 2015-2017 games that include Lake Tahoe, Calif.; Park City, Utah; Le Massif, Quebec; and Aspen. According to their press release, "The aim is to explore different options and determine what is best for the progression and growth of the X Games franchise. Official proposals from the qualified entities were due to ESPN by April 2." Past winter X Games have generated up to \$10 million in revenue for the host location and attracted 20,000 to 25,000 spectators a day, plus a TV audience of 232 million.

The opening of **North America's first proposed indoor snow center** has been delayed again by financial and legal debates between various stake holders. The New Jersey project began more than a decade ago, was once called Xanadu and is now on to its third owner, Triple Creek, operator of many of the U.S.'s largest malls, including the Mall of America in Minnesota. The company wants to spend around \$2 billion more on the project which has already cost a similar amount, by adding an indoor amusement and water park. The indoor snow center was completed around four years ago but, like the rest of the complex, has never opened -- and it now looks unlikely that it will open before 2016.

In a brief trip report, the Charlotte Ski and Snowboard Club (NC) reports that **Jackson Hole's** intermediate skiing has greatly improved with the addition of the new state-of-the-art Casper high-speed, 4-passenger, detachable chairlift last summer when the resort also expanded some existing trails to make them more attractive to intermediate skiers. Also, in 2011, the resort added the Marmot lift that services intermediate terrain from the top of the Gondola to the base of the Thunderlift.

(Continued on page 10)

British Columbia's **Big White** has a new 60 foot ice tower that's constructed out of 4 telephone poles this giant ice cube with 3 foot thick ice. Ice climbing gear is provided for skiers who do not bring their own gear.

Montana's **Bridger Bowl** will spend \$4.1 million on two new triple chairlifts this summer, replacing a 46 year old double chairlift. The resort says that the repositioned chairs will increase capacity, reliability, and comfort on the route as both chairs will also have moving loading carpets. One of the major reasons for the repositioning of these two lifts is to move them away from the avalanche paths found at and around the top terminal of the current lift.

Crested Butte Mountain Resort has submitted a new Master Development Plan to the U.S. Forest Service since their lift-served expansion onto Snodgrass Mountain was refused by the Forest Service. The new plan incorporates previous approvals at the main mountain, as well as adjacent private land development projects, new proposals for terrain outside their existing permit area on Crested Butte, and a reduced proposal for Snodgrass Mountain -- the source of controversy in the past. They now propose lower impact levels of winter and summer activities on Snodgrass Mountain, such as backcountry skiing and snowcat operations, but they're not proposing lift service on Snodgrass, asking instead, to expand the terrain and lift capacity on Crested Butte Mountain, including expanding the amount of much needed intermediate terrain. They propose to add 18 new trails on 133 acres of newly developed terrain which would give the resort 101 trails on 771 acres -- a 21 percent increase. The plan also adds more than 300 acres of undeveloped side country- style intermediate and expert terrain -- a 33 percent increase. Overall, they are seeking a 440-acre expansion of the current Special Use Permit boundary.

Breckenridge's proposed development of Peak 6 has passed the U.S. Forest Service approval process and recently received a final go ahead after an appeal period ending November 2012. Although more litigation has been threatened by environmentalists, the resort's owner, Vail Resorts, plans to open Peak 6 in the 2013-2014 season -- giving Breckenridge five new alpine bowls and more than 500 new acres of lift-served and hike-to-ski terrain -- which will be a 23 percent increase for the resort. Peak 6 will be Breckenridge's fifth mountain and will have 10 new trails, and 13 runs that begin above treeline -- plus the resort's first above-timberline intermediate ski terrain. Access will be on a quad chairlift and a detachable six-seat chairlift from Peak 7. There will also be a new warming hut at the top of the mountain and restroom facilities at the mid-load location. Breckenridge is among the most visited resorts in the U.S., with about 1.6 million skier-days each year.

Vail Mountain is replacing its chair 4 (Mountain Top Express) with a high speed, six-person chairlift. A federal judge has approved the sale of **Greek Peak**, in New York, to two local businessmen for \$6.76 million, following a private auction. Greek Peak was under Chapter 11 bankruptcy with debts of \$47 million.

Google Maps has added another 100 North American ski resorts to its map feature -- bringing the total number of ski resorts detailed on Google Maps to 225 -- mostly in North America.

SnoPak.com has compiled an easy-to-read listing of all the **major airlines' luggage charges and rules** at <http://www.snowpak.com/>
