PRESIDENT'S MESSAGE

By Mike Jones

It seems like Phil the ground hog could not find his shadow this year so spring has arrived for most of us locally. I can now see crocuses blooming in my front yard. Guess it's time to put my snow blower away. On the other hand, out west and in New England, most ski resorts are still experiencing winter. Not only is the snow base good for skiers and boarders, it should help protect our forest and wildlife from fires that can occur during the summer.

It was in the summer of 1988 that Yellowstone caught fire. The fires, which began in June by lightning strikes was due to a lack of winter's snow. The fire continued to burn until November, when snow finally arrived to extinguish the last flames. Over the course of that summer and fall, more than 25,000 firefighters were brought in from around the country to fight the fire. In the end, the flames scorched about 1.2 million acres across Yellowstone, leaving the impression that the world's first national park had been destroyed. Less than thirty (30) years later while riding snowmobiles towards Old Faithful on a BSC ski trip, one can see that the scars from that fire have healed bringing in a young and vibrant forest for future generations to see and enjoy. Seeing it a year after the fire and seeing it now makes you appreciate how Mother Nature can heal herself.

Mark and I just arrived home from a FAM (Familiarize with Area and Mountain) trip to a ski resort in northern Idaho about 11 miles northwest of Sandpoint. Located in Bonner County in the Selkirk Mountains, Schweitzer Mountain Resort has a summit elevation of 6,400 feet above sea level with a vertical drop of 2,440 feet. There are 92 named runs and open bowls on Schweitzer's skiable area of 2,900 acres and the average annual snowfall is over 300 inches. Seven chairlifts (a high-speed six-pack, two high-speed quads, 1 fixed-grip triple, and 3 doubles) and 3 surface tows serve terrain rated at 20% beginner, 40% intermediate, 35% advanced, and 5% expert. The slopes on the front side (Schweitzer Basin) face east and south, those on the back side (Colburn Basin) face mostly northeast. Schweitzer Mountain is listed in the top five up and coming ski resorts in North America. The three days that we were there, we were able to ski fresh powder the first day and groomed trails afterwards. The resort did an excellent job of grooming even on some of the steepest trails. Keep your eyes on the BSC schedule as this resort may be added as a destination for next year.

The Trips Committee has started to review the trips surveys that members have completed after their ski trips. This will help us decide where to go next year. We're looking to schedule the same number of trips next year as we did this year.

Our April meeting will be our final one for this season. For the last couple of years, I have been compiling pictures that people take on their ski trips. Please send me your pictures or links to the internet where the pictures may be residing so we can again have them for others to view in April. Enjoy the rest of the ski season and I will see you at the March meeting.

Our March 9 general meeting was devoted to **HERO★DOGS**. Our guest speakers were Moira Malloy who brought 'Mitch' a yellow lab with advanced training, and trainers Becca and Rhiana who brought 'Molly' and 'Ruby', both black labs. Mitch, Molly and Ruby demonstrated some of the skills they are trained to help improve quality of life and restore independence to our nation's veterans. Our 50/50 benefited **HERO★DOGS**. Molly "retrieved" the winning raffle ticket from the bucket and Gloria Jones was the lucky winner, but then generously donated all her winnings back to **HERO★DOGS**. <http://www.hero-dogs.org/>

Lake Placid and Olympic History (In the Tracks of Champions)

The BSC joined several Blue Ridge Ski Council clubs to revive the tradition of Eastern Winter Carnival at historic Lake Placid in the Adirondack mountains of New York. We shared one bus with members from several other clubs, including: Columbia; Fagowees; Snow Searchers; Club Crabtowne; and the most recent addition, NGA.

View from Paron's Run on Whiteface Summit (Photo by: Jim Curtis)

The first day was spectacular with a bright sunny sky, as we all skied Whiteface Mountain (with slopes for Olympic skiers in 1932 and 1980). Many of us made fast tracks for the summit in order to enjoy the panoramic view. We reserved some energy for an evening welcome reception in the High Peaks Resort Lake House. This was an auspicious time to meet new friends and make plans for the week. On Tuesday, we boarded our bus for a one-day excursion to Gore Mountain. Some members were eye-witnesses to a helicopter rescue on Gore, although details of the rescue were not disclosed. So, after a full day of skiing, we were all happy to return safely to the quaint town of Lake Placid and planned to ski Whiteface for the rest of the week.

Wednesday was packed with activities, despite the constant rain. It commenced with *First Tracks*, an early morning run at 7:45 before the slopes officially opened to the general public. John Landon and a small group of BSC skiers including Diana Sugiuchi, LuAnn Snyder, Ken Sproul and Nancy Berger had a rare opportunity to ski with two Whiteface staff members. Most of this group also participated in the BRSC race in the afternoon. John and Ken were joined by Dave Karczmarek to earn first place for BSC in the category of Men's Combined scores. By 4:00 we all relaxed in the mountain's Cloudspin Lounge for an *Après Ski* party, and later that evening we reconvened for a hearty dinner at the Northwood in town. Other BRSC clubs were entertained by watching the movie "*Miracle on Ice*" in the High Peaks lounge. The film is about the Olympic ice hockey game in 1980 between the Russian and United States teams.

The rain produced granular conditions on Thursday, but skiing was still pretty good on the steeper slopes. For several BSC skiers, the highlight of the day was bobsledding. Anecdotal stories about bobsledding were shared by Joe Remsky, Jeff Elligson, LuAnn Snyder and Dave Karczmarek at the evening farewell reception in the Delta Blue pub.

Friday temperatures returned to

(L-R) John Landon, Diana Sugiuchi, LuAnn Snyder, Jeff Elligson, Ken

View from top of Olympic Ski Jump (Photo by: Jim Curtis)

bitter cold with zero degrees at the summit and wind at 25 miles per hour. The summit chair was closed due to the wind velocity. A few members skied, but most toured the Olympic Ski Jump and Olympic Museum. In town, speed-skating athletes were training on the outdoor Olympic Oval ice rink. Last glimpses of the frozen lake focused on a dogsledder. As we boarded the bus, we knew that we were returning to Baltimore with many memories of Olympic history and we were all quite proud to have skied on the same slopes as world champions.

DAY AT THE RACES

If you are a betting person and enjoy the sport of horse racing or just like to look at the horses or want to have a different day out then come to this event !!! There is no greater way to support one of Maryland's oldest and finest horse racing institutions, Pimlico Race Track... home of the renowned Preakness.

We will all meet at **12 noon** at the main entrance of the Pimlico Race Track Club House on Friday, May 13th. We will go to lunch at the Club House where the seating is excellent to see all 10 horse races. Our seating will be in the same place as it was last year, right next to the windows near the finish line!! We will also have the opportunity to see the horses in the paddock between each race, learn how to figure out which horse to bet on by reading the program, see the Pimlico Race Track museum, hopefully meet some jockeys and trainers as well as learn the history of the race track by veteran horse riders and lovers of the track!

There is no charge to come to this event. Just bring a few dollars if you would like to bet on some of the horses, for the racing program, and of course for lunch (minimum of \$10) or just to quench your thirst!

Please RSVP to me no later than **Friday, April 8th** or before, if you are interested in coming to this event! Presently, I have reserved only 50 seats in a prime seating location. Therefore, this will be a first come, first serve event! Don't hesitate if you want to come!

The address for Pimlico Race Track is: 5201 Park Heights Avenue, Baltimore, Maryland, 21215.

Please call Harriet (443) 386-4943

BRSC Snowbird/Alta Jan. 30 – Feb.6, 2016

This Blue Ridge Ski Council (BRSC) trip had 263 participants from nine different clubs come together for a week to ski and party with old and new friends.

Baltimore was represented with 42 skiers led by Trip Leader **Eileen Karczmarek** and Assistant Trip Leader **Mark Jones**. A group of 39 left Baltimore to attend this trip and **Deborah Sturpe** joined us from Portland, Maine. Her friend **Phillip Carter** drove from there to Snowbird having his

own adventures doing so. **Paul Ciacco** who now resides in Parker, Colorado joined us in Denver for the bus ride to Snowbird. We did a grocery/alcohol stop on the way and once we got to Snowbird settled in at The Cliff Lodge where all the BRSC clubs would stay for the week.

Sunday morning our group came together at breakfast and made their ski plans for the week. Small groups made their way to the slopes, some to ski on their own and others to join the Mountain Tour which was offered at 9:30 and 10:30 am. There was even a Ski with a Ranger Tour at 1pm. **Lew Glaeser** and **John Barlow** led their merry band which included at times **Bob and Donna Little, Ken Sproul, Bob Juskus, Don and Linda Tice, and Gil and Kelly Ngan**. **Sophie Troy** and **Beth Ryan**, two BSCer's who traveled with the Columbia Ski Club but whose hearts belong to Baltimore also skied with us.

Dave Karczmarek joined by his wife Eileen, **Nancy Valentine, Don Marsteller, Linda Miller, Tim and Sue Ritmiller** formed another small ski group. I believe that **Toshio Sasamori** and **Arun Bhasin** were spotted with them.

The first BRSC event was Sunday Night's Welcome Party where food and drink was plentiful. There final preparations were made for the BRSC Inter-club Race which would be held on Tuesday. **Tricia Sturm** was convinced by **Kiel Quinn** to give it a go and she would be rewarded for doing so.

Monday was time to explore the mountain some more and those who had the Alta upgrade had two mountains to explore. **Ryan** and **Loren Heaps** were seen skiing with Loren's dad **Tom Van Loan**. **Joe Herbert** and his friend **Tom Lawler** could also be spotted about the mountain. **Jim and Jocelyn Curtiss** and **Neil and Elsie Davis** had a great time skiing with their spouses. All told we had eight couples who skied with their spouses on this trip. Sorry, John and Lew, you don't qualify.

**Tunnel to
ALTA**

Tuesday was Race Day and I'm please to say that Baltimore had more participants than any other club! We had 38 eligible participants and 30 raced, giving us 79% participation only surpassed by Fredericksburg which had 100% but only 12 racers. We did not draw a favorable start time (8th out of 9 clubs) but we still took 3rd place in the Team Competition. The Team Competition takes the top 3 men and top 2 women (Thank you Lew, Ken, John, Kelly and Linda) from each club and adds their totals. It's a complicated system for all but the most knowledgeable NASTAR Racers. I

just like to have fun with it and try not to fall.

The following is all who participated in the race and the medal they won.

John Barlow **Silver**
 Jim Curtis **Bronze**
 Loren Heaps
 Mark Jones **Bronze**
 Eileen Karczmarek
 John Morris **Bronze**
 Kelly Ngan **Bronze**
 Toshio Sasamori
 Deb Sturpe
 Nancy Valentine

Phillip Carter
 Jocelyn Curtis
 Ryan Heaps **Bronze**
 Bob Juskus
 Tom Lawler **Bronze**
 Beth Muscedere
 Kiel Quinn
 Ken Sproul **Gold**
 Don Tice
 Tom Van Loan

Paul Ciaccio **Bronze**
 James Grasmick
 Joe Herbert **Bronze**
 Dave Karczmarek
 Michael McAdam
 Gil Ngan
 Art Roerink **Bronze**
 Tricia Sturm **Bronze**
 Linda Tice **Silver**
 Lew Glaeser **Platinum**

In all we claimed 1-Platinum, 1-Gold, 2-Silver and 10-Bronze Medals. Way to go Team BSC!!

Wednesday it was back to more skiing. **Art Roerink, John Morris and Paul Ciaccio** formed a ski group. Paul had a fall and it was determined after seeing him hold his side while skiing that he should visit the clinic where they told him that he may have fractured a couple of ribs. Paul never the less was back on the mountain the next day and also skied on Friday. Back home his family doctor confirmed that he had fractured two ribs and had some soft tissue damage. He was told that he should heal in time for Bike Season and if he manages not to fall off his bike be ok to ski next year.

The only other injury on the trip was **Michael McAdam** who had a previous knee injury act up on him which cut short his skiing for the rest of the week and also for the season. Lucky for him the Club was able to find replacements for him on the other trips he had planned and hopefully he will be with us on the slopes next year. This did leave his roommate **James Grasmick** to ski alone. I'm told that even though I did not see her **Mary Nichols** was out on the slopes and that **Beth Muscedere** who refers to me as

Ski Husband #2 (My brother being #1) is looking for a divorce because I did not ski with her enough to warrant #2 standing. There's still Big Sky. I would be remiss to not mention **Steve Pierce** who was on this trip. Steve is not a member of our club. He calls the Pentagon his home and I don't recall seeing him out on the slopes but that was expected as he skied with his fellow Pentagon Members. Steve stepped in at the last minute replacing **Cheryl Glaeser** who had to drop out due to a family matter.

On Thursday and Friday the skiing was great and everyone had a good time at the Farewell Dinner where the Race Awards were given.

I wanted to save the best for last. How good was the skiing? You tell me. On the Friday before our arrival there was 13" of snow followed by 6" on Saturday followed by 12" on Sunday by 2" on Monday by 5" on Tuesday by 2" on Wednesday by 1" on Thursday and 13" on Friday. I had to go back to the Snowbird website to check this out. Did we have bluebird ski days? Not really, the sun peaked out a couple days. Did we have fun? Talk to any of the 42 trip participants and see what they have to say.
