PRESIDENT'S MESSAGE

By Mike Jones

Our members' enthusiasm for skiing and snowboarding hasn't waned based on the trip sign-ups at this year's picnic. We had about 95 people come out for the occasion. Many were signing up for trips for themselves, their families, and their friends. Once again we had trips sold out or selling out fast. If you have not signed up for any trip yet, you need to talk to the trip leaders to see if the trip you want still has vacancies. The weather cooperated once again for our picnic and it was a beautiful day at the waterfront park. Everyone seemed to enjoy themselves eating and talking about the various ski trip destinations and about where they are hoping to ski next year.

During the 2016-2017 season, the club will celebrate the 70th anniversary of our club being incorporated. For those who don't know the history of the club, it was originally members of the Mountain Club of Maryland (still exists today) who wanted something to do in the Winter that started skiing together. In 1935 they formed the Baltimore Ski Club. In these early days the skiers walked up snow covered hills carrying their skis on their backs and then slid downhill. Most only did 1-2 runs per day until very rudimentary "lifts" were developed. The group became inactive during WWII. However, after the war they reformed and incorporated as an organization in 1947 and have been an active club ever since.

We will be having a special Anniversary celebration next spring. All members, who go on a 2016-2017 trip, will receive a 70th anniversary t-shirt as a memento of this occasion. Our club is one of the oldest in the nation. We've been around longer than some of the resorts that we visit! Let's make this year a joyful celebration and commit to helping the club to reach its 100th anniversary. By that time, I'll be 90 and although I might not be skiing I hope I'll still be cheering on the Club from the sidelines. I would love to see our club reach this goal.

I hope everyone has a Safe, Happy 4th. See you at Glory Days Grill on July 13th. Mike

BSC Trips Cancellation Policy

1. The Club does not intend to unduly penalize a trip participant who cancels from a BSC trip. However, other trip participants should not have to incur additional costs due to your cancellation.
2. Deposits and payments made toward the trip reservations being cancelled will be held until such time as a determination can be made that the Club or trip participants will not incur additional costs due to non-recoverable costs.
3. Non-recoverable costs are defined as those that are associated with the trip that due to contractual obligations cannot be recovered when the individual cancels his/her trip. Non-recoverable also include those costs associated with replacing a person or persons on a trip (i.e., name change charges on airline tickets, etc.) Refunds, if any, will be made based on the non-recoverable involved plus a cancellation fee. Cancellation costs will not exceed the cost of the trip. Club cancellation fee will be dropped if non-recoverable costs exceed 50% of the trip cost.
4. Replacement of a trip participant by a trip participant is strictly prohibited. Only the Trip Leader or Assistant Trip Leader can replace a trip participant who is unable to go on the trip. The canceling trip participant may suggest a replacement candidate to the trip leader or assistant trip leader, however the canceling trip participant is responsible for the cancellation fee (if applicable) and any non-recoverable costs.
5. Be sure to know the cancellation dates in relation to the trip you select so that you can avoid monetary losses. The following cancellation policy is in effect in relation to BSC trips. NR=Non-recoverable costs

Music in the Woods

Music in the Woods at Oregon Ridge Park was a very successful family event on a beautiful June day. The event was launched with the Ridgely Middle School Honors Chorus at 1:30 in the afternoon, and then a new group of musicians took the outdoor stage every half hour. Fortunately, **Myron Oppenheimer** and

Maxine Cohen arrived early enough to introduce some members to each other, but **Ryan and Loren Heaps** arrived later with the dinner crowd.

Seven hours of continuous music is somewhat of a music marathon! The concert continued until 8:30 in the evening, as the audience drifted in and out of the park with picnic baskets, blankets and chairs. There were also vendor stations to explore as you listened to the music. At least half of the audience was children under the age of ten, who enjoyed dancing and hula-hoops. Among the crowd, at least a dozen BSC members

The Heaps Family

renewed acquaintances and shared memories of ski

activities. The concert featured a variety of musicians, including The Oregon Ridge Dulcimers, Painted Trillium, The Witts, Proper Sporks, The Miranda Duo, In the Clear, Spice Kleinmann, Will Play for Fish, Manda for Kids, Bread and Cheese, Tool Shed, Percy Shaw, and Organic Felix. Rumors circulated that some BSC members may have preferred another event that same day entitled, "Wine in the Woods" which was also held in an adjoining section of Oregon Ridge Park. *By: Jocelyn Curtis*

Bicycle Ride

Sunday, June 19, 2016 (Father's Day)
St. Michaels—Tilghman's Island (and back)

Sunday's weather could not have been better! Seven of us (Rob Baumann, Susan Push, Mary Ann Bonner, Mark Chapman, Dorothy Whitaker & her Girlfriend) all met at the St. Michael's Elementary school parking lot. It was sunny, 80 degrees, low humidity, with a very slight breeze. I had fresh fruit for everybody and by 10:25 we were off and on our way.

We got thru town quite easily as it was

before the crowds come into town to shop and stroll around. We made a few preliminary stops at places like – The Crab Claw Restaurant and the St. Michaels Harbor. Then on over to the maritime museum for a quick peek and then onward to the Inn at Perry Cabin.

The inn at Perry Cabin should be seen by all. The Inn and the grounds are gorgeous!! Now the long 15 mile ride to Tilghman's Island. It's amazing how quickly the town melts into grand estates separated by working farms right on the Miles River. The views were beautiful.

Dorothy Whitaker set the pace the entire way. For a girl with the frame of a "fit jockey", she can kick your butt when it comes to endurance. I was the slow poke in our group and I had to stop several times to rest my sore/numb butt. Thank goodness the group would occasionally stop to wait for me! It was sort of like downhill skiing - when your slower friend finally catches up, the group is rested and ready to go and you're still tired!

Finally, after some 2 hours we arrived at Tilghman's Island and saw the draw bridge rise up to let two large sail boats pass through. We took pictures by the "Welcome to Tilghman's Island" sign and then headed off to Lowes Wharf for some refreshments, a crab cake and to rest our tired knees and other parts. What a great place and a hidden treasure! Lowes Wharf is right on the Miles River (about 2 miles this side of Tilghman Island). They have a large, sandy, 2-acre beach with Adirondack chairs, picnic tables with large umbrellas, and good music playing in the background.

I bet there were 12 or so boats anchored off the beach some 50 to 60 yards out and a Zodiac rubber boat - would go out to greet the boaters and bring them in so they could enjoy the bar, the food, and the music. They have free popcorn that is buttered and salty. Just right to make you want to buy another beer (which I did).

Alas, we had to head back to St. Michaels as we had to make the next 13 miles back to our cars. I was glad the ride was over as I believe we rode 30 miles. It felt like 40 miles to my body. The more I rode my bike, the more I liked my Ford Explorer and the cruise control. It's true, you do not know what you have until it's gone. LOL!

Back at our cars, catching our breath and laughing about our ride, all of us enjoyed more of the cold fruit (Pineapple, peeled navel orange pieces, watermelon spears, grapes and soft drinks that helped to revive us.

Yes, we all had a good time and that night after driving home from St Michaels, I (we?) all slept like the dead. I want to thank all of you that joined me for the fun. I hope others will consider joining me for our next bike ride. I'll keep you posted. Until then..... Stay thirsty my friends!

Multi-Mountain Ski Passes

REPRINTED; ABRIDGED

Not too long ago, ski resort season passes were only for those who lived in or near the resort towns and could hit the slopes often enough to make the pricey passes worth it. Not so anymore. Season passes now make financial sense even for people who live a plane ride or two away, signaling a huge shift in the ski industry over the last few years. The resorts have changed the way they sell lift tickets, moving toward multi-mountain combinations that give skiers and snowboarders who take advantage of the passes more flexibility for a lower price than ever. "The great thing is the consumer, the skier, has won, at least in Colorado," said Amy Kemp, a Summit County resident who represents Scout, a new independent review company that rates ski resorts and lodging properties around the world. The most comprehensive multi-mountain ski pass is the **EPIC PASS** which debuted in 2008. It gives adult pass holders more than 170 days of access at 18 resorts.

In 2017, the BSC is visiting three (3) resort destinations that are included in the EPIC PASS—Breckenridge, Vail, and Park City. If you are on 2 or more of these trips or are planning a trip on your own to a Vail property you may wish to consider purchasing an Epic Pass. For more information, details and possible discounts feel free to contact any of our wholesale partners.
