PRESIDENT'S MESSAGE

By Mike Jones

These last few weeks has made me think about why I like winter better than summer. I came up with 10 reasons and here they are...

- 10) **Seasonal Symptoms:** In winter, dry skin and sickness are the worst result of the cold weather. In the summer, sunburn, sweat, hay fever and humidity all mess with every part of the body. The seasonal symptoms of the winter are nothing compared to the brutal and inescapable heat of summer.
- 9) **The Bugs:** There are no bees stinging, no mosquitoes biting, and no gnats buzzing around you in winter. Winter is a bug-free haven.
- 8) **Outdoor chores:** There's no yard work - No watering plants, no weeding, and no trimming the hedges. There is only shoveling snow when the snow arrives.
- 7) **Fireplace:** It is nicer to cuddle in front of a fire sipping wine or some hot drink in the winter than during the summer. "Nuff said"
- 6) **The Clothes:** While I love the simplicity of a comfy T-shirt and shorts I find I'm changing outfits multiple times a day because of the heat and humidity. For me the soft, warm, fuzzy sweaters of winter are much more comfortable. My wife says layering of winter clothes lets you have endless combinations.
- 5) **The Sports:** Being outside in the summer is fun, especially when it's warm with low humidity. How often does that happen in Baltimore? Outside activities in the summer can lead to exhaustion, heatstroke, dehydration, or sunburn. Outside activities in winter you can stay comfortable by adding or removing clothing layers. There's only so much you can [legally] remove to stay cool in the summer.
- 4) **The Food:** Cook-outs are good but not limited to summer. In winter, I love the countless soup & stew combinations and warm drinks. Let's not forget eggnog and hot toddies!
- 3) **Hot Tubs** These are definitely better in winter than in summer. In the summer you are trying to cool off while in the winter you are trying to get warm, relax, and inebriated while in the Hot Tub.
- 2) **Entertainment** In the summer, there are a few great blockbuster movies and reruns on TV. However, in the winter, there are new TV shows as well as blockbuster movies plus TV specials, especially around the holidays. Winter brings more parties and if you over indulge, hangovers are easier to deal with in cooler weather than in the sweltering heat.

The number 1 reason why winter is better than summer.

Skiing downhill beats the beach for vacation hands down. There is not much you can do at the beach except lay on the sand, read a book, drink a lot and body surf the ocean [Jellyfish and undertows!]. With a ski vacation you can still drink but I believe there is many things you can do that will make the winter more memorable in the long run.

Although I will be headed to the Outer-banks next month after our Blue Ridge Ski Council meeting, I know winter will be arriving soon and I will not have to worry about summer and the heat until next Year. See you soon. Mike

BSC Trips Cancellation Policy

1. The Club does not intend to unduly penalize a trip participant who cancels from a BSC trip. However, other trip participants should not have to incur additional costs due to your cancellation.
2. Deposits and payments made toward the trip reservations being cancelled will be held until such time as a determination can be made that the Club or trip participants will not incur additional costs due to non-recoverable costs.
3. Non-recoverable costs are defined as those that are associated with the trip that due to contractual obligations cannot be recovered when the individual cancels his/her trip. Non-recoverable also include those costs associated with replacing a person or persons on a trip (i.e., name change charges on airline tickets, etc.) Refunds, if any, will be made based on the non-recoverable involved plus a cancellation fee. Cancellation costs will not exceed the cost of the trip. Club cancellation fee will be dropped if non-recoverable costs exceed 50% of the trip cost.
4. Replacement of a trip participant by a trip participant is strictly prohibited. Only the Trip Leader or Assistant Trip Leader can replace a trip participant who is unable to go on the trip. The canceling trip participant may suggest a replacement candidate to the trip leader or assistant trip leader, however the canceling trip participant is responsible for the cancellation fee (if applicable) and any non-recoverable costs.
5. Be sure to know the cancellation dates in relation to the trip you select so that you can avoid monetary losses. The following cancellation policy is in effect in relation to BSC trips. NR=Non-recoverable costs

CHILDREN MUST WEAR HELMETS ON NEW YORK STATE SKI SLOPES...

New York state's senate has passed a law that requires any child skier or snowboarder aged under 14 years to wear a protective helmet on the slopes at the state's ski areas. The terms and conditions, including the age to which children must wear helmets and the penalties for not doing so, as well as whether the ski area or the parent or both are liable, varies from one region or country to another. In New York state the new law is probably the most lenient in that regard with children aged up to

14 required to wear a helmet and parents liable for a small fine of \$50 (US) if they're found on the slopes without one. The fine can however be waived if the parent shows they have acquired a helmet between being charged with the offense and a subsequent court date. Ski areas are to post signs warning of the new rules and also detail them on lift tickets and other literature.

A small group of BSC members enjoyed the summer concert at Ladew Gardens.

Multi-Mountain Ski Passes

REPRINTED; ABRIDGED

Not too long ago, ski resort season passes were only for those who lived in or near the resort towns and could hit the slopes often enough to make the pricey passes worth it. Not so anymore. Season passes now make financial sense even for people who live a plane ride or two away, signaling a huge shift in the ski industry over the last few years. The resorts have changed the way they sell lift tickets, moving toward multi-mountain combinations that give skiers and snowboarders who take advantage of the passes more flexibility for a lower price than ever. "The great thing is the consumer, the skier, has won, at least in Colorado," said Amy Kemp, a Summit County resident who represents Scout, a new independent review company that rates ski resorts and lodging properties around the world. The most comprehensive multi-mountain ski pass is the **EPIC PASS** which debuted in 2008. It gives adult pass holders more than 170 days of access at 18 resorts.

In 2017, the BSC is visiting three (3) resort destinations that are included in the EPIC PASS—Breckenridge, Vail, and Park City. If you are on 2 or more of these trips or are planning a trip on your own to a Vail property you may wish to consider purchasing an Epic Pass. For more information, details and possible discounts feel free to contact any of our wholesale partners.
